1. Ukraine: Refugee Update

Further details of the role of HCC in supporting the Homes for Ukraine scheme have now been set out by the Government. I know that there are already a number of "sponsors" within the Petersfield Hangers area who have been awaiting this clarity.

HCC does not have a role in matching hosts with Ukrainian refugees. That is being organised entirely through non-governmental organisations (NGOs). The Homes for Ukraine scheme is still open and you do not need to have a match in place to register initially, which you can do at www.gov.uk/register-interest-homes-ukraine .

For sponsors (or potential sponsors) looking for a match I would recommend www.homesforukraine.org.uk which is run by a charity called Reset and which I note is being endorsed and recommended by the Refugee Council.

Now I will expand on the HCC role. Home checks are being carried out by HCC, but they are only being carried out once Ukrainian refugees have arrived with their hosts. They are not being carried out ahead of time. The reason for this is that the checks need to reflect the needs of those using the accommodation and of course those needs aren't known until people have arrived.

HCC will contact the host once they have been advised by the Government that Ukrainian refugees have arrived at the host accommodation.

Everyone over the age of 16 in the host family or household will have to complete a DBS (criminal record) check. This applies even if the Ukrainian refugees are living in separate annexes or holiday accommodation. This process will be started at the time of the first visit.

HCC are ready to accept all Ukrainian children arriving in the County into our local schools. Education rules (for example impact on class sizes) will be waived for refugee children where necessary.

The information being received from Government about who the refugees are and when they are arriving with hosts is incomplete and sometimes unclear. I would ask sponsors to be understanding if HCC contact you thinking someone has arrived when in reality they are not yet with you. Similarly, if you are a sponsor and do not hear from HCC within a couple of working days of refugees arriving, please contact the HCC team, their website is at www.hants.gov.uk/ukraine

So far, I understand 45 families and 9 individuals are in Hampshire. Over 800 hosts have also been registered across the county with the numbers growing daily. Parish Councils should feel free to share this information locally.

2. Hampshire celebrates Autism Acceptance Week, Neurodiversity Celebration Week and its 1000th Autism Ambassador

Now in its 60th year, Autism Acceptance Week takes place from 28 March – 3 April 2022 and aims to promote a society that works for the estimated 700,000 people with autism in the UK. There is a wealth of information for schools, businesses and community groups at www.autism.org.uk

Neurodiversity Celebration Week, which took place from 21-27 March 2022, is a more recent initiative which aims to shift the narrative and challenge stereotypes and misconceptions about neurological differences. It aims to transform how neurodivergent individuals are perceived, recognising the many talents and advantages of being neurodivergent, whilst creating more inclusive and equitable cultures. www.neurodiversityweek.com/

HCC helps run the Hampshire Autism Ambassador Scheme which started in 2015. The scheme has helped build awareness and understanding in many organisations across the public, private and charitable sectors. By undertaking a day of training anyone can become an Autism Ambassador. I took the course myself in 2018 and I found it highly illuminating and extremely worthwhile. I would recommend it to any Parish or Town Councillor who has an interest. I am delighted to learn that the scheme will shortly issue a certificate to its 1,000th Ambassador. If you sign up today, it could even be you! You can find out more at www.ascambassador.org.uk/Aboutthescheme

3. Planting of Trees

I know that all Parish and Town Councillors in Petersfield and the Hangers share my love of trees. We have an impressive number of trees in our area but sadly we are losing a lot to ash dieback and of course we lost many in the recent storms. This means we need to plant more!

Trees are important for so many reasons. They promote biodiversity, improve air quality, capture carbon, mitigate flooding, support soil quality, improve air quality and enhance the natural beauty of our environment which improves our health and wellbeing.

I know that many Parish Councils are already joining in with the Queen's Green Canopy project to celebrate the Platinum Jubilee this year. I would like to draw attention to two other excellent projects which are promoting tree planting in our area at this time.

- **Trees for the Downs.** Run by the South Downs National Park Trust, this scheme is funding tree-planting in the National Park and is now open to applications for planting in 2023. They provide trees as well as suitable tree protection (stakes and guards). The recipient is responsible for the planting and their ongoing care. The scheme has previously supported private landowners, businesses and farms as well as organisations like Parish and County Councils. Apply at this link: www.southdownstrust.org.uk/trees-for-the-downs/ The scheme is open until 15 May 2022.
- **The Woodland Trust** is offering free tree packs for schools and communities, having benefited from generous funding from the likes of Sainsbury, Lloyds Bank and Ovo Energy. There seem to be a wide variety of packs available including hedgerows. You can find out more at this link www.woodlandtrust.org.uk/plant-trees/schools-and-communities/ The scheme opens on 4 April 2022 for delivery in November 2022.

Appendix 3: Clerk's Report

Telephone Box

At the March parish council meeting, councillors voted to proceed with an application to Highways for installing the restored phone box at the junction of Petersfield Road/Longmoor Road. However, no funding was agreed from the council's budget.

Cllr Davies had indicated that he may be able to provide grant funding and he was also going to investigate whether the Highways fees could be waived. The latter was not successful but I have been in contact with EHDC who have indicated that a grant of £900 can be applied for which is the full amount for both licences. This has now been completed and once the funding has been granted, the licences can be applied for.

Council should note that, at present, there is no money set aside for the concrete plinth that will be required. SE Water have indicated they will do the work for free but, if this does not happen due to timings, we will need to source funding.

EHDC Grant Funding for Old Church

I previously reported that I had secured £1,800 from EHDC District Councillors towards maintenance costs at the Old Church (£1,000 from Cllr Davies, £800 from Cllr Carew). Cllr Carew has now kindly increased his contribution by a further £200 so we now have £2,000 in total. I have thanked both councillors for their generous grants.

Village Hall Hire Costs

I recently queried the fees being charged by the village hall for room hire for our meetings as we were not receiving the community discount any longer. This has now been corrected and a refund of £145.74 has been paid.

Year End/Audit

The financial year end work now needs to be completed in time for the internal audit at the end of April. Work has now commenced on this.

Appendix 6: Lengthsman Scheme 2022/23

Hampshire County Council have agreed to continue the lengthsman scheme for 2022/23. This equates to £1,000 worth of relevant works being carried out in Greatham over the next 12 months.

The County Council have indicated that the scheme is unlikely to continue beyond this financial year due to funding cuts so the council will need to consider how to fund similar works in future years.

The council need to confirm their wish to stay in the scheme this year.

Appendix 7: Code of Conduct Training

In November 2021, councillors agreed to take part in training on the code of conduct. Due to the high costs of seeking external training, it was resolved that the training would be provided by me.

Two sets of dates have been sent out to councillors but, as yet, no date has been agreed.

Councillors have resolved to do this training, so this item is being brought back to council so that agreement can be sought on a suitable date.

Jane Ives, Clerk
7th April 2022

Appendix 8: Oak Trees on B3006

In December 2021, the council resolved to write to the EHDC Tree Officer to support the approach of talking to the landowner prior to designating a TPO on trees along the B3006. The parish council additionally requested that this approach was made by EHDC rather than the parish council. Supporting information from the Tree Warden was also forwarded to EHDC.

We have now received the following from the Tree Officer:

I have been in touch with the owners of the land adjacent to the above boundary hedge, they in turn have contacted the tenant farmer who is aware of the need for care to avoid damage to the young Oaks whilst hedge cutting on this boundary. Taking into account this assurance, would the Parish Council wish this Local Planning Authority to pursue a Tree Preservation Order for these Oaks?

I have corresponded with Cllr Carew with regards this matter, and he is very much supportive of a TPO being placed on these trees.

Appendix 9: Bat/owl boxes in Old Church churchyard

At the Environmental Day on the 3rd April, I was approached by a member of the Old Church Working Group about the possibility of adding bird and bat boxes to The Old Church. Cllr Adam Carew was also a part of this conversation and he has kindly offered a grant to cover the costs.

Cllr Carew has also given us detailed advice in terms of the quantity and locations of bat boxes as well as advice on the species of birds that would thrive in The Old Church grounds. Boopie Cope, from the OCWG, and I have worked together to create a 'shopping list' of bird boxes to suit. Please see below.

The total cost comes to: £338.17 (Free delivery).

Decisions to be made:

Do we want to add bat and bird boxes to The Old Church?

Should we apply to Cllr Adam Carew for a grant to cover these costs?

Appendix 10: Old Church maintenance works

At the March meeting, the council resolved for all items marked A in Julian Livingstone's August 2021 Conditions Report on the Old Church to be carried out, with all B items to come back to council at a later date. The chosen contractor was Anstey & Stone. Following the meeting, I advised councillors that all items marked B were recommended to be carried out within 12 months of the report which would take us to August 2022 but I also explained that it was very difficult to only carry out work to items marked A.

Anstey & Stone provided their quote by looking at the church in sections. For example, the urgent A work on the lancet window in the nave is attached to a wall that needs slightly less urgent B work. They have done this so that the work can be completed in sections which makes a lot of sense and will probably save us money in the long run i.e. they may only need to put up any scaffolding once.

As the resolution made only allowed the contractor carry out work on items A, I have met with them again to discuss how we can move forward without increasing the overall costs of the works.

Further, the council have agreed a budget this year as follows:

£8,229	CIL funds
£4,000	EMR Old Church
£1,250	Fundraising
£13,479	

However, this has since changed and I would suggest we disregard the fundraising amount as we have not yet done any fundraising. But we have now been promised £2,000 from district councillor grants so our new and available total is **£14,229**. If we do raise any additional funds through fundraising, this can be added to the total.

Councillors will be aware they increased the precept to allow £4,000 to be set aside for these works.

At the March meeting, councillors were concerned about spending the funds set aside but I have received no formal requests to review this budget.

Anstey & Stone have very kindly reviewed their quote and prioritised A items with the associated B items. I asked them to prioritise those works that would have the biggest impact on the preservation of the church, and the current dampness that exists, as we are likely to go through another winter without being able to afford to do all the works in the Conditions Report.

Their revised priority list is as follows:

1. SE Nave Lancet Window South Wall. £2,615.00.
2. Nave Lancet Window North Wall. £3,015.00.
3. Northern Side Door Opening. £1,420.00.
4. Interior of Chancel. £1,340.00.
5. French Drain around Exterior Chancel Wall. £1,490.00.
6. Window Guards on Chancel. Clean paint and re-fix. £830.00.

Total for this phase of work will be £10,710.00.

This would leave £3,510 in the budget for the Old Church which would provide a buffer should the above works exceed the costs above or should further work be needed this financial year. The rest of the works could be set aside until the rest of the funding has been secured (total amount of works agreed by council is £20,024) with any amount left in budget this year carried forward. Please bear in mind that costs may change over time.

Appendix 11: Old Church planting

The proposal is that we start immediately with some new planting in the Old Church churchyard. The objective would be to assist with the process of “place making”, distinguishing the special nature of the Old Church and encouraging visitors with both sight and smell. Also, creating additional delineations within the churchyard itself.

The details are:

- A border of English Lavender on either side of the path from Forest Road to the nave. The proposal would be to buy 40 x 1 year old plants at a cost of £7.50 each. Total cost = £300
- Random planting of wildflower plugs in the rest of the churchyard to a maximum cost of £250.

It is assumed that volunteers will provide the labour.

The total cost of £550 could be paid from District Councillor grants (as part of their environmental grant pledge), private donations or from allocated budget for maintenance. The council will need to agree funding as part of their decision making.
